

LANZAROTE AND GRACIOSA ISLAND

Just off the coast of Morocco, Lanzarote is possibly the most mysterious and fascinating Island of the Canaries. Here, a range of red-orange ochre colours contrast with the deep green of palm trees and cacti and the bright white of the sandy beaches and houses, a delightful display, framed by the clear blue of the surrounding skies and sea. Discover the charming coastal town of Famara and explore the volcanic Graciosa Island which literally translates from Portuguese the 'graceful' or 'enchanting' Island. This adventure features something different everyday from volcanoes, white sand beaches and rural villages to hiking, swimming and strolls along the beach.

ITINERARY

Day 1 Lanzarote

Transfer to the small coastal village of Famara where your accommodation for the next 7 nights awaits.

Day 2 Los Volcanes & Timanfaya National Parks

The protected areas known as Los Volcanes and Timanfaya National Parks offer insight into the most recent volcanic activity on Lanzarote (1730-36 & 1824). We will go hiking across lava flows and climb a volcanic cone with a spectacular crater. Today is dedicated to exploring the strange colourful world of lava formations and dormant volcanoes.

3 hours walking (+150m/-150m)

Day 3 Tegüise and the César Manrique Foundation

A sedimentary sand strip crosses Lanzarote from north to south, today we can observe superb views of this desert-like feature as we journey from Tegüise to San José de la Vega. Found in a fertile valley, this hidden settlement gives us a unique chance to learn more about traditional agriculture. We head back to Tegüise for lunch (restaurant or picnic) and walk the cobbled streets of this ancient city with more than 600 years of fascinating history. Afternoon visit to the César Manrique Foundation which immerses us on the architectural wonders of the multifaceted artist.

4 and 1/2 hour walking (+350m/-375m)

Day 4 Los Ajaches

Today's walk starts in the small village Las Casitas de Femés. Our ridgetop hike displays views from the tip of Lanzarote to the north of Fuerteventura and overlooks canyons formed by millions of years of erosion. We cross the quiet village of Femés and continue up peaks which reveal breathtaking views of the entire centre of Lanzarote. Then, we head closer to the west coast, this dramatic shoreline was sculpted by the Timanfaya eruptions and is continually battered by the temperamental Atlantic Ocean.

4 hour walking (+550m/-550m)

Day 5 La Geria Winery

These vineyards prove that life can flourish from volcanic ashes. Moscato, Listán Negro and Tinta Negra Mole for Madeira are amongst the varieties which have made their mark here. We will explore this strange world of beautiful honeycomb patterned grounds where vines grow strong but not tall. Let's visit the outbuildings, taste the wines and climb to the highest point of the area for fabulous views of this unique landscape - on a clear day we should be able to see three quarters of the island from here. Then we visit Monumento al Campesino, dedicated to César Manrique, and learn the traditional craft secrets from local experts themselves. Free afternoon in Famara.

3 hours of walking (+340m/-350m)

Day 6 Monte Corona, the Famara cliffs and the Jameos del Agua lava caves

Featuring vineyards of the north, the volcanoes and crater of Corona and the cliffs of Famara with a bird's eye view of the Chinijo archipelago, this hike is the panoramic tour of excellence. A complete discovery of the north of Lanzarote. We can enjoy a clifftop picnic before visiting the Jameos del Agua caves, a large lava tunnel, several kilometers long, created by the volcano of Corona thousands of years ago.

4 hours of walking (+330m/-330m)

Day 7 La Graciosa

A 30 minute ferry crossing to the port of Caleta de Sebo leads us to a volcanic island where time has stopped. You will not find even a cm² of asphalt on this isle. A fabulous walk awaits us, we cross the village and hike along the golden sands sometimes next to the sea, sometimes bordering a volcano. We will stop at a paradise beach for a picnic and swimming before returning to the port for the boat back to Famara.

3 hours walking (+150m/-150m)

Breakfast and onwards transfer.

Weather

The Canary Islands are credited as having a pleasant year round 'Eternal spring' climate. Each island has multiple different micro-climates; you may find very different weather conditions across different islands at the same time. Year round, average temperatures in the Canary Islands range from around 15°C (59°F) to 28°C (82°F). Trade winds from the north-east frequent here; they are generally at their strongest during the warmest hours of the afternoon offering relief from the tropical sun rays. Rainfall is scarce and varied, Lanzarote and Fuerteventura are known as the driest islands with an annual precipitation of less than 100mm yet the in the exposed high altitudes in the north of Tenerife experience an average of more than 600mm annual precipitation. We recommend packing sunscreen, windproofs and warm layers for evenings and mountains.

Electricity

The Canary Islands use the European two pin plug: 220 V, 50 Hz.

Local time

Coordinated Universal Time (UTC)/ Greenwich Mean Time (GMT) and Daylight Saving Time (DST) are observed in the Canary Islands.

Topography

The Canary Islands are an autonomous community of Spain.

Location: 100km (62 miles) west of Morocco

Number of Islands: 7 main islands plus lots of tiny isles and islets

Religion: 85% of native Canarians are Roman Catholic

Governance: The Canary Islands have their own President, a Regional autonomous Government and 13 seats in the Spanish Senate

Fun Fact: Before humans arrived, the islands were inhabited by giant prehistoric animals including huge lizards; tortoises and rats

Sustainable tourism

As adventure and wilderness travel experts who run trips to some of the most remote parts of the world, we take responsible tourism very seriously.

We respect the 'Leave No Trace' outdoor ethical code and try to explore this beautiful location whilst causing minimal environmental damage.

The Leave No Trace policy can be summarized in 7 simple steps which we hope you will follow during our trip...

1. Be prepared
2. Stick to trails and camp overnight right
3. Stash your trash and pick up waste
4. Leave it as you find it
5. Be careful with fire
6. Respect wildlife
7. Be considerate of other visitors

Over the years we have built up good relations with our local suppliers and we are keen to support local businesses as much as possible. We are a small company and we pay our local partners and suppliers directly insuring fair rates.

Our small group sizes not only provide a more intimate adventure but also cause less impact on the environment and local communities.

We expect all who travel with us to support and uphold our Sustainable Tourism philosophies.
